

# SUSTAINABILITY PARTNERS PROGRAM

Cecilia Griego, Senior Water Conservation Specialist

Jessica Sutorus, Environmental Conservation Supervisor

# **SUSTAINABILITY**

## **PARTNERS**

OUR COMMUNITY WORKING TOGETHER  
FOR THE FUTURE OF COLTON

# What is a Sustainability Partner?

Champions of the environment, Stewards of efficiency committed to the goals of our community of Colton.

As a partner you show civic pride, a dedication to sustainability and actively seek out incentives that benefit both you and the community at large.

# How do I become a Sustainability Partner?

Its easy...as a participant in one or more of the City's commercial/industrial energy efficiency, water conservation, or recycling incentive programs you automatically become one of our Sustainability Partners

# THREE WAYS TO PARTICPATE

**Energy Efficiency** – Equipment upgrades, demand-side management, renewables

**Water Conservation** – Drought tolerate landscaping, installation of water efficient devices (such as smart irrigation controllers and drip irrigation)

**Recycling** – Participation in the Commercial Recycling Program, innovative implementation of Commercial/Industrial Recycling & Organics program

# What Happens Next?

We celebrate you...and celebrate you in a very public way. “We want it to be known that your business is an environmental steward of the City of Colton”.

Below is a list of ways we make you feel number one in the eyes of the community. We will highlight your business and its Sustainability Partner status in the following ways:

Press releases

Social Media, [Facebook](#)/Community Facebook

Local Newspaper Press Release

Location signage and plaque

Channel 3/Public Access channel

Presentation in Front of City Council

Chamber of Commerce recognition

# CASE STUDIES: HABIT BURGER & ARROWHEAD REGIONAL COMMUNITY HOSPITAL
